To Whom It May Concern

This letter is to acknowledge and certify that the American Academy of Technology (AAT) , Hazmieh , Lebanon , has been affiliated to Honolulu University (HU) since 1998.

I must add also that AAT has grown fast academically in numbers of students, instructors and schools under the vigilant guidance and probing foresight of HU's president, Dr Arthur O. Yamada.

Dr. Yamada 's determined leadership, assisted by his creative, helpful and friendly team has given AAT's faculty and students a growing sense of belonging , an outstanding confidence in his academic programs and much pride in HU's diplomas . Indeed, all our graduates are holding now key jobs in various business concerns all over the Middle East.

Lastly, let me conclude by insisting that AAT's success is greatly due to Dr. Yamada's character. His attitude towards foreign sensitivities, his friendly comportment , his swift response to solving problems and his self-confidence and strict professionalism in academic and administrative affairs made AAT relinquish all other American and European international universities and cling to Honolulu university alone .

Best Regards,

Raymond A. Mallat , PhD & Akademikos
